Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System's Graduation Rate Survey (GRS). For complete instructions and definitions of data elements, see the IPEDS GRS instructions and glossary on the 2003 Web-based survey.

For Bachelor's or Equivalent Programs

Please provide data for the fall 1997 cohort if available. If fall 1997 cohort data are not available, provide data for the fall 1996 cohort. **NOTE: This section will be updated in Spring 2004, upon completion of the IPEDS Graduation Rates Survey.

Report for the cohort of full-time first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall **1996**. Include in the cohort those who entered your institution during the summer term preceding fall **1996**.

- **B4.** Initial **1996** cohort of first-time, full-time bachelor's (or equivalent) degree-seeking undergraduate students; total all students: **1,025**
- **B5.** Of the initial **1996** cohort, how many did not persist and did not graduate for the following reasons: death, permanent disability, or service in the armed forces, foreign aid service of the federal government, or official church missions; total allowable exclusions: **0**

- **B6.** Final **1996** cohort, after adjusting for allowable exclusions: **1,025** (Subtract question B5 from question B4)
- **B7.** Of the initial **1996** cohort, how many completed the program in four years or less (by August 31, 2000):
- **B8**. Of the initial **1996** cohort, how many completed the program in more than four years but in five years or less (after August 31, 2000 and by August 31, 2001): **160**
- **B9.** Of the initial **1996** cohort, how many completed the program in more than five years but in six years or less (after August 31, 2001 and by August 31, 2002): **92**

Common Data Set: 2003-04

- **B10**. Total graduating within six years (sum of questions B7, B8, and B9): **386**
- **B11.** Six-year graduation rate for **1996** cohort (question B10 divided by question B6): **37.7%**

For Two-Year Institutions:

B12 – **B21**. Not applicable to UAB.

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall **2001** (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: death, permanently disability, or service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made. **NOTE: This section will be updated at a later date.**

B22. For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as freshmen in fall **2001** (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in fall **2002**? **75.4%**

C. FIRST-TIME, FIRST-YEAR (FRESHMAN) ADMISSION

Applications

C1. First-time, first-year (freshman) students: Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in fall 2003. Include early decision, early action, and students who began studies during summer in this cohort. Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution). Admitted applicants should include wait-listed students who were subsequently offered admission.

Total first-time, first-year (freshman) men who applied	1782
Total first-time, first-year (freshman) women who applied	2928
Total first-time, first-year (freshman) men who were admitted	1408

B: Does your institution use the SAT I or II or the ACT for placement only? No.

C. Latest date by which SAT I or ACT scores must be received for fall-term admission: July 1

D. If necessary, use this space to clarify your test policies (e.g., if tests are recommended for some students, or if tests are not required of some students: Non-traditional students (typically older students) are not required to submit a standardized test score for entry.

Freshman Profile

Provide percentages for **ALL** enrolled degree-seeking full-time and part-time, first-time, first-year (freshman) students enrolled in fall 2003, including students who began studies during summer, international students/nonresident aliens, and students admitted under special arrangements.

C9. Percent and number of first-time, first-year (freshman) students enrolled in fall 2003 who submitted national standardized (SAT/ACT) test scores. Include information for ALL enrolled, first-time, first-year (freshman) degree-seeking students who submitted test scores. Do not include partial test scores (e.g., mathematics scores but not verbal for a category of students) or combine other standardized test results (such as TOEFL) in this item. SAT scores should be recentered scores. The 25th percentile is the score that 25 percent scored at or below; the 75th percentile score is the one that 25 percent scored at or above.

D8. List any other application requirements specific to transfer applicants: If a transfer applicant has completed fewer than 24 semester hours (or 36 quarter hours) the requirements of beginning freshmen must also be met. Applicant must request that a high school transcript be sent to UAB, and official ACT or SAT scores are required if the applicant has been out of high school less than three years.

D9. List application priority, closing, notification, and candidate reply dates for transfer students. If applications are reviewed on a continuous or rolling basis, place a check mark in the "Rolling admission" column.

D10. Does an open admission policy, if reported, apply to transfer students? **Not applicable**

D11. Describe additional requirements for transfer admission, if applicable. **None.**

Transfer Credit Policies

D12. - D17.

The Office of Undergraduate Admissions will determine which credits will transfer from a previous university or two-year college. Generally remedial, technical, vocational, and orientation courses do not transfer, but a student may transfer up to half the credits (usually 64 semester hours or 96 quarter hours) required to complete a baccalaureate degree. Transcripts are evaluated after the student has been admitted to determine which specific courses will transfer.

Provide 2004-05 academic year costs for the following categories that are applicable to your institution.

G1. Undergraduate full-time tuition, required fees, room and board

List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL **2004-05** academic year. A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters or trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. **Required fees** include only charges that all full-time students must pay that are **not** included in tuition (e.g., registration, health, or activity fees.) Do **not** include optional fees (e.g., parking, laboratory use).

^{*}UAB does not know the basis upon which external scholarships are awarded (ie, need-based or non-need based), thus all external scholarships are reported under non-need-based.

H2. **Number of Enrolled Students Awarded Aid:** List the number of degree-seeking full-time and less-than-full-time undergraduates who applied for and were awarded financial aid from any source. **Aid that is non-need-based but that was used to meet need should be counted as need-based aid.** Numbers should reflect the cohort awarded the dollars reported in H1. Note: In the chart below, students may be counted in more than one row, and full-time freshmen should also be counted as full-time undergraduates. Indicate academic year for which data are reported: **2003-04 estimated**

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

Common Data Set: 2003-04

I-1. Please report number of instructional faculty members in each category for Fall 2002. NOTE: Updates for Fall 2003 provided when available.

The following definition of instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey. Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Institutions are asked to EXCLUDE:

- (a) instructional faculty in preclinical and clinical medicine
- (b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status,
- (c) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like
- (d) faculty on leave without pay, and
- (e) replacement faculty for faculty on sabbatical leave.

Full-time: faculty employed on a full-time basis

Part-time: faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Also includes adjuncts and part-time instructors.

Minority faculty: includes faculty who designate themselves as black, non-Hispanic; American Indian or Alaskan native; Asian or Pacific Islander; or Hispanic.

Doctorate: includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and Doctor or Philosophy degree in any field such as agronomy, food technology, education, engineering, public administration, ophthalmology, or radiology.

First-professional: includes the fields of dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), law (JD) and theological professions (MDiv, MHL).

Terminal degree: the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts).

	Full time	Part time	Total
a) Total number of instructional faculty	785	96	881
b) Total number who are members of minority groups	136	11	147
c) Total number who are women	290	29	319
d) Total number who are men	495	67	562
e) Total number who are non-resident aliens (international)	39	2	41
f) Total number with doctorate, first professional, or other terminal degree	688	82	770
g) Total number whose highest degree is a master's but not a terminal master's	86	11	97
h) Total number whose highest degree is a bachelor's	11	2	13
i) Total number whose highest degree is unknown or other (Note: Items f , g , h , and i must add up to item a .)	0	1	1

NOTE: Excludes faculty members in Medicine, Joint Health Sciences, and libraries.

I-2. Student to Faculty Ratio

Report the Fall 2003 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Common Data Set: 2003-04

Fall 2003 Student to Faculty ratio: 18 to 1.

I-3. Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2003 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2003. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.
